All taxable incomes under \$5000 were defined as earned for purposes of this reduction, while \$20,000 was set as the maximum amount of incomes on which the reduction could be taken.

Treasury estimates show that about 13,000,000 taxpayers have incomes of less than \$5000 and automatically could deduct from their tax when computed 25 per cent of its total. Thus, a married man with two children who now pays a tax of \$25 on an income of \$4000, would pay only \$21, this figure not taking into account any normal income-tax reduction—a proposition still before the committee.

Most of Victims Found in Pawtucket Home Said Killed by Gas Fumes

An explosion which shook the countryside for twenty miles around. wrecked a two-family house at Cumberland Hill. Many ville, today, and in the ruins year found fifteen bodies. Many of the victims, in the opinion of the medical examiner, were asphyxiated before the explosion, which resulted from igniting of illuminating gas, and was made more severe by the detonation of some dynamite stored in the cellar. One entire family, the head of another family and a young women boarder were killed. They were Adelaide Hamel, his wife and their six sons and five daughters, ranging in age from 2 to 21 years, Michael Conway and Miss Appeline Dancour.

he argued, the Navy would receive enly about 31,500,000 barrels of storage oil as against the 47,000,000 barrels which naval officers have contended is the medium necessity in a time of grave emergency. He also attacked Mr. Fall for his dismissal of proceedings under which the government was seeking to regain rich oil deposits in California now held by the Standard Oil Company.

Senator Walsh's colleagues paid him the unusual compliment of following with attention his summarization of developments in connection with the oil reserves. Seldom in recent years has so large an attendance of Señator been recorded throughout the day. Many members of the House also occupied places on the Senate floor and the galleries were overflowing. When Sanator Walsh had concluded. Chairman Lenroot suggested that the original Walsh resolution which applied only to the Sinclair Teapot Dome lease be broadened so as to take in the Doheny California contracts. Previously Mr. Lenroot had presented to the Senate the offer from Mr. Doheny to cancel voluntarily the contracts held by his company. The Senator explained that he was not satisfied with the offer because of the provision that the company "would agreed to a settlement" which he said, was too indefinite.

Representative Longworth and Chairman Madden of the committee both said they deplored any effort to make the issue a partisan one.

moth oil company have spent about \$25,000,000 on and in connection with the Teapot Dome navel oil reserve lease, according to information available here where the consensus of opinion is that they would be glad to relinquish the lease provided they were reimbursed for their expenditures.

Teapot Dome has not "panned out" as the bonanza it was supposed to be when the lease was nestotated. Instead of containing the originally estimated 1000,000,000 harrels of petroleum, it contains probably not more than 25,000,000 barrels of petroleum, it contains probably not more than 25,000,000 barrels, if that much. Even with crude prices far higher than they have been in this region during the last year—they are steadily advancing now — production from the Teapot reserve of \$25,000,000 barrels would not enable the Sinclair interests to "break even."

Eighty-nine wells have been completed in the \$200-acre reserve. They are good for a daily production of only 4400 barrels of petroleum. The total production to January 1, 1924, was only 1,022,000 barrels. Intensive drilling is in progress and a development of the recent and advantage of the contingent of 500 men ar-

YAQUIS USED TWO GUNS
The enormous amount of ammunition used by the Yaquis in the defense of Morella from Tuesday until Friday is indicated by the fact that the city was provided with a sufficient supply for the use of 2000 men in ordinary circumstances. Every Yaqui fought with two guns. When one became too hot for use from the constant firing he used the other.

When Gen. Estrada called on Gen. Loper to surrender the lattersent the word "My Yaquis don't understand the word surrender. For 300 years the Spaniards pounded on their door shouting surrender but the Yaquis could not understand. Then the Mexican sovernment for another 100 years should surrender to the Yaquis but the Yaquis could not understand. Nor can I make them understand. Nor can I make them understand. Of the 400 Yaquis defending the city, about 100 escaped instead of surrendering. Some of these were wounded. Of the 175 remaining in the city when the rebels took possession, all were too badly wounded to leave with those who escaped. Thus it may be rightly said that even at the taking of Morelia the Yaquis again failed to understand the word surrender.

That the insurgents are still in Acambaro is proved by reports from there and explorations by airplane. Official scotts sent out last night.

ADVANCE IS PREDICTED.

AWAIT DEVELOPMENTS
Chairman Butler explained that he thought it would be better, in view of developments in the Senate investigation and the announced intention of President Coolidge to institute court action to pursue a handsoff policy, at least for a day or so.

Some members of the committee had expressed a desire to obtain information from the Navy Department, particularly as to the requirements in the Doheny lease for the construction of oil-tank storage facilities at Pearl Harbor. Hawait. They had planned to question the naval officers as to question the naval officers as to question the naval officers as to finished by tonight or tomorrow. Some returned this evening stating that they could not pass beyond Juan Casiana, owing to a battle in the valley below. All the new soldiers arriving here have good uniforms, are armed with Enfield rifles and have plenty of ammunition. Evidently a part of their arms and ammunition was sold to the Mexican government by the United States. "OF THE PEOPLE, BY THE PEOPLE, AND FOR THE PEOPLE."

One share of stock costs \$50—and carries with it a Membership.

Mountain View Country Club when com-pleted will be the largest Club of its kind in the world.

This Club is preparing to erect and maintain a very beautiful and spacious club house and hotel—five 18-hole golf courses—an ade-quate number of tennis courts—and other athletic equipment and opportunities—all on one tract of 886 acres of land.

The club house and hotel will be built at a cost of approximately \$500,000. There will be 400 rooms—200 for men and 200 for women. These rooms will be rented only to members and their guests at a charge of \$1.00 per day single and \$2.00 per day double.

The club house and hotel will have a large dining room-men's grill-ladies' grill, large lunch counter-giant soda fountain, and spacious dance floor.

Also, there will be a large shower and locker building with 100 showers for men and 50 showers for women; 4500 lockers for men and 500 lockers for women. In connection with the shower and locker building, a very extensive outdoor swimming pool will be constructed.

The Club has an option to purchase this 886 acres of land—all of which is under irrigation, for \$1,184,020. It is situated about 20 miles from the down town section of Los Angeles on Ventura Boulevard—a few miles be-yond Hollywood Country Club, and several miles on this side of Girard.

In accordance with the permit issued by the Commissioner of Corporations of the State of California, the Club will impound \$1,184,-020 in the banks of Los Angeles to pay for this

Across the boulevard from this propertyland no better than the Club's property is selling at the rate of \$10,000 to \$12,000 per acre.

Immediately on the release of the \$1.184,-020, the Club will begin building the club house and hotel—the five 18-hole golf courses—the tennis courts, and the general improvement and beautification of the grounds.

Any boy or girl, man or woman of Cau-casian birth, whose character and reputation are good and who will observe such rules and regulations as are prescribed by any well reg-ulated club, may buy one share of stock for \$50, which carries with it a Membership in Mountain View Country Club.

This entitles him or her to every opportunity to play golf and tennis, and enjoy every privilege of the Club and hotel, and any other athletic opportunities the Club may offer.

This Club is intended for those who either do not care to pay the large charge for mem-bership in any of the private clubs in and around Los Angeles, or who cannot afford such a heavy burden.

Riverside has without question one of the finest polo teams that ever played on the Pacific Coast, and that is saying a whole lot when the number of fine teams that have played here is taken into consideration. And, incidentally, Midwick has a team that is no slouch in itself, and that means a real contest. Riverside took great pleasure in knocking Midwick over a couple of times last year and would doubtless enjoy doing the same again this season in fact, has made

cvery preparation for so doing.

Colleges May Have Faculty Golf Matches

Why is Walter Miller so eager to go to Australia? If one of his wrestling confidantes is to be taken at all seriously the secret is out—and it's a good one! Here is the way this grappling partner tells it:

"Walter isn't the kid he used to be, you see, and sometimes I think the old boy feels himself slipping, though he doesn't show it on the mat. He's aprouting wrinkles on his classic mug, crowsfeet around his baby-blue peepers—you know what I mean. And this stuff's been worrying him a bit."

Miller himself had nothing to say when the subject was proached to him yesterday. He's to busy setting ready for his match with the ine Engel at the Los Angeles Athletic Club Thursday night to give thought to wrinkles and fountains of youth. He realizes that in Heine he's taking on a near-champion and is preparing accordingly. Heine is due tonight from Duque. If age has made inroads on Walter's strength, speed or wind hake full advantage of it. The L. A.A.C. instructor shows no worry, however.

Bantamweights head the card selected by Pop Nealis for the regular weekly event of the American Legion Post of Venice, which is held in the Sunset Pier ballroom, tomorrow night. Teddy Silva, the Pacific Coast champ, meets Art Springer, who has met the best in the bantam class and at all times gives the fans a run for their money. The semi-wind-up is another bout that will be a pip. Jack Thompson, the crack San Pedro middleweight, books up with Young Stanley Ketchell, the Ontario preacher. The special event has none other than the redoubtable Jockey Levy, the mite of a manager, trading wallops with King David, the bearded newsboy. The balance of the card is as follows:

Even the Man from Borneo Is Wild About It

L ASHED to the deck of a slow-going steam-er, in crates and barrels, crossing the equa-tor in the torrid heat of that region, traveling 11,000 miles to the island of Borneo, a recent shipment of pure California orange juice was found at its destination to have retained all the full natural color and flavor of the juice freshly pressed from the fruit.

That is Suncrush. The California Crushed Fruit Corporation, originators and exclusive owners of the Suncrush process of crushing citrus fruits, is widening the market for California oranges and lemons.

The Borneo shipment, and many others like it, not only demonstrates the soundness of the Suncrush process in withstanding long trans-portation and exposure, but it shows the world-wide marketing possibilities of Suncrush products.

To meet the growing demand for its products with expanded facilities and distribution, the California Crushed Fruit Corporation is today offering a limited amount of stock for public subscription. Two shares of 8% preferred stock (par value \$10 each) with one share of common stock (as a bonus) are offered at \$20 for the group.

TUCSON (Ariz.) Jan. 28.—The El Paso and Southwestern Railroad Company, successor to the El Paso and Southwestern system, has made announcement through President T. M. Schumacher that an additional through train will be operated next fall between Chicago and Los Angeles over the Rock Island, Southwestern and Southern Pacific lines, transferred to the last at Tucson. This train is to be for coach and chair-car service, which then will be taken from the Golden State Limited, which will become a strictly first-class train. Plans have been made by the Southwestern for spending \$2,250,000 on improvements and new equipment, no less than \$1,000.000 having been set aside for new freight care.

Vancouver.

An additional 24,000 horsepower will be added to the Stave Falls plant, and the big tunnel at Alouette Lake will be started inside the next few months. Practically the entire expansion work this year will be along the lines of power. No new railway lines are to be constructed.

Instead of laying rails and putting in expensive tramway lines the company has adopted the policy of putting on motor busses to serve outlying districts. These busses connect with the company's railway terminals.

Preparation is being made by the company to take care of the big power demand that is expected in the next few years, when all the steam railways on the Vancouver peninsula are changed to electric power lines.

Project.
Land owners of the Roosevelt Agricultural Improvement District No. I have voted a bond issue of 1465,600, the proceeds to be turned over to the Sait River Valley Water Users' Association, to be used in connection with the irrigation and power work centering in construction of the Mormon Flat Dam on Sait River.

The lands are in a large number of tracts, in many parts of the valley, and the sum paid will bring them up to the status enjoyed by other lands of the valley that already had old water rights though not a share in the water stored at Roosevelt.

The next addition, though on a pumping basis. Is to be a soll block of about 40,000 acree seast of Mesa, to be irrigated by the East-through storage and in the enjoyment of drainage and power through the main association's electric plants.

CARPENTIER HAIRCUT FAD OF MEN IN PARIS

PARIS. Jan. 28.—Hair combed a la Georgea Carpentier is the latest men's fad in Paris. The style introduced by the Prench boxer provides for the hair being combed straight back without a part and a few long front locks, marcel-waved so they fall in semicuris over the ears. Fashionable barbers declared many American and English visitors are adopting the style.

ADVISES GOOD BANKS INSTEAD OF BIG ONES

By a "Times" Staff Correspondent VENICE, Jan. 28.—C. J. Willard of the Federal reserve branch of Los Angeles told members of the Santa Monics Bay Clearinghouse Association that only one banking institution in California failed during the last year, while failures in other States were numerous. Mr. Willard said that members should judge themselves wisely during the next year and be careful to have good banks rather than large ones. Other business of the evening included the election of officers for the ensuing year. Henry J. Englebrecht was unanimously elected president.

WOMAN IN HOSPITAD

Drs. A. H. Bellerose and F. W. Hammond examined Mrs. Leonard immediately after she emerged from the coma. At the conclusion of the examination they announced that the woman was normal and that she had simply been suffering from a mild case of hysteria and from nervous shock.

When the findings of the doctor were announced to Atty.-Gen. Frank Archibaid and State's Attorney Charles. E. Novak, they prepared to go to the hospital at once and subject the woman to a thorough examination in an effort to clear up the mystery surrounding the murder of her husband.

Orders have been given at the hospital that no one should talk to Mrs. Leonard, and nurses and hospital physicians did not discuss the murder with her.

Drive Off With Sixty Barrels; Federal Guards Found Dead Drunk

CHICAGO, Jan. 28.—At dawn oday two big trucks, in charge of a gang of between twenty and thirty men, loaded to the top with barrels of whisky, trundled away from the warehouse of the Ham-mond Distilling Company at Ham-mond, Ind. Police of two States and all the reserve prohibition enforcement forces got busy at once. The gang left behind an empty truck and three United States gov-

Sixty barrels of fine whisky, eac worth between \$1500 and \$1500, and totaling somewhere near

\$100,000, were stolen.

The gang was in the warehouse six hours, making careful selection of the liquor to be taken. It was believed that the approach of daylight was the reason why the pirates made their getaway be-fore they loaded the third truck. The indications are, authorities said, that the gang went to Ham-mond from Chicago.

Price movements generally were irregular, with weakness in the Liberty Bond list and fractional gains in the low-priced railroad issues. Profit-taking was directed sgainst some of the copper and sugar issues which scored sharp sidvances last week.

Sinclair Consolidated Oll issues, hit by another wave of speculative selling as court action to cancel the Teapot Dome lease appeared likely, lost from 1 to 2 points.

CENTRAL UNION TRUST COMPANY OF NEW YORK, New York
THE UNION TRUST COMPANY, Cleviand
CONTINENTAL & COMMERCIAL TRUST & BAVINGS BANK, Chicago

The following information is summarized from the letter of C. S. Eaton, Esq., Chairman of the Board:

History: The Continental Gas & Electric Corporation is primarily engaged, through its subsidiaries, in the development and distribution of electric power from modern central stations.

Organized in 1912 by the interests which are now in control of its affairs, the Corporation has had a record of continuous success. It has paid, without interruption, regular quarterly cash dividends on its Preferred Stock since its organization in 1912.

The Corporation, through its subsidiaries, does all the electric light and power business in Kansas City, Mo.; sells power in 14 nearby counties in Missouri and Kansas; furnishes electric light and power to 141 cities and communities and gas to five cities in Iowa, Nebraska and Missouri; supplies electricity and gas to Brandon, Manitoba, and owns and operates the steam heating plant at Kansas City.

There is an aggregate installed normal capacity of 148.670 kilowatts, of which 90,000 kilowatts is contained in one of the most modern and efficient steam generating stations in the world, so designed as to accommodate an ultimate capacity of 240,000 kilowatts. (An additional unit of 30,000 kilowatts will be in operation soon.

The Corporation derives over 84% of its gross revenue from the sale of electricity, distributed to more than 180,000 consumers, and serving a total population of over 817,000. The balance of earnings is derived from the sale of gas and steam heat.

Purpose of Issue: The entire proceeds of the sale of this stock will be used for general corporate purposes and in the acquisition of the controlling interest in the Kansas City Power Securities Corporation, which company owns all the Common Stock of the Kansas City Power &

Valuation: The total replacement value of the properties of the subsidiary companies based on appraisals and estimates of the Corporation's engineers is in excess of \$67,000,000.

After deducting all outstanding obligations preceding this issue and all equities apper-taining to outstanding minority common stock interests in subsidiaries the equity remaining, on the basis of the above valuation, is very substantially in excess of the amount of the Prior Preference Stock outstanding, including this issue.

Earnings: The combined earnings of the subsidiaries of Continental Gas & Electric Corporation (including Kansas City Power & Light Company recently acquired) are as follows:

Year ended November 30, 1923 Dividends on \$1,751,400 6% Participating Preferred Stock 105,084.00

Balance available for depreciation and dividends on 106,035 shares of no par value common 5 1,839,066.21

The balance of \$2,424,221.21 available for dividends on the Prior Preference Stock as shown above is in excess of 5 times the annual dividend requirements of \$480,081.00.

Franchises: The electric light and power franchises in Missouri and Kansas are in opinion of Corporation's counsel, with minor exceptions, perpetual. The other franchise situations are

Management: The existing management of the Corporation, including that of its subsidiary, the Kansas City Power & Light Company, will remain unchanged.

All legal matters in connection with the issuance of this stock are under the supervision of Messrs. Tolles, Hogsett, Ginn & Morley and Richard Inglis, Cleveland, Ohio. Audits are being made of the Kansas City Power & Light Company by Marsick, Mitchell & Co. and of the other subsidiaries by Ernst & Ernst. Appraisals are being made by Stone & Webster, Inc.

Stock of the above issue is offered when, as and if issued and received by us and subject to the approval of proceedings by our counsel. Temporary stock certificates exchangeable for permanent certificates, will be ready for delivery on or about January 30, 1924.

Scientific investment Safeguards

EVERY Straus Bond is protected by the STRAUS PLAN, the most scientific system of investment safeguards ever devised, which automatically assures payment of interest and principal in cash on the day due from the earnings of the mortgaged property.

Automatically, because each month the borrowing corporation must de-posit from its monthly rental income, funds sufficient to meet principal and interest charges on the bonds.

And we limit our loans to properties of assured ample earning power, backed by ample equities.

Every investor should post himself on the principles of the STRAUS PLAN and its practical application to investment. We suggest that you write for our current 6 and 61/2% bond offerings and literature showing how they are safeguarded. Ask for

DESCRIPTION

Reclamation District No. 1004 comprises a portion of the counties of Columand Sutter, and is situated on the east side of the Sacramento River. It from Colusa on the south to Princeton on the north, from the Sacramento on the west to Butte Creek on the east. Its advantageous location, adjacent lusa, county seat of Colusa county, provides excellent facilities for the hand all the crops raised in the southern end of the district, while Princeton on the takes care of all the requirements of the land owners in that section. The prince again, accessible by rail and highway. is easily accessible by rail and highway.

This district was organized and approved by the Board of Supervisors County, July 2nd, 1912 and originally embraced 3920 acres. In 1920 the denlarged to the present acreage of 23,170, of which 20,993 acres are in These bonds are secured by a tax lien on all the land within the districtionly to State and County taxes, and rank ahead of first mortgages. In J. Mr. M. J. Boggs, well-known land appraiser, appraised the land alone, of the reclamation works, at \$1,923,000, which we believe to be an execonservative valuation.

this territory in the form of raw hides, goes across the continent, is tanned, finished, fabricated, and comes back in the form of boots and shoes, for which we spend something like \$28,000,000 a year. The East gets the manufacturing and wholesale costs and profits, and the advantages of big payrolls. The railroads get freight charges on two cross continent hauls. We get merely the low cost of the raw hides, while paying the maximum merely the low cost of the raw hides, while paying the maximum price for shoes.

That is the situation today; but soon there will be a different story to tell. Already shoes are being manufactured here in Los Angeles—good shoes and popular shoes—which are being handled by many of the best dealers of the State. The industry is in its infancy, but very profitable

During the past six weeks changes in conditions of member banks and the reserve bank in this district have been largely in response to year-end demands for credit and currency. Loans and discounts of reporting member banks and their borrowings from the reserve bank were elightly higher on January 9, 1924, then on January 10, 1923, reflecting the increased demand for funds incident to rising activity in industry during the past year. The deposits of these banks reached the highest point on record. \$1,344,183,060, on January 9, 1924, and the ratio of their total deposits to total loans stood at 133.5 on that date compared with 129.8 a year ago.

REPORT OF MERGERS

The first of the many reports of mergers and consolidations seems to be coming to a head in the proposal of the Ray Consolidated to purchase the property of the Chino Copper Company, this to be acted upon by the stockholders of both companies in February. They claim that it will improve operating costs and make better conditions for both companies. It is probable that their greatest saving will be in the consolidation of the castern ends of the companies and it will undoubtedly make some improvements in the tax situation. Both of these commanies are so-called high cost producers. Chino has over 100,000,000 tons of ore reserve running 1.53 per cent conper, has a daily capacity of 12,000 tons and can make 102,800,000 pounds of copper per year. Ray has about \$0,000,000 tons of ore in reserve running 2.07 per cent copper, a capacity of 19,000 tons of ore in reserve running 1.15.500,000 pounds of copper per year. Chino costs are a little better than the Ray costs, running 11.2 cents in 1922, against 12.41 for Ray.

Thus it will be seen that these two companies are similar in many of their conditions and this is not quite the type of merger that has been anticipated from the many rumos, the type of merger of different kinds of properties to stabilize production and costs ir-

Gianello is being prosecuted by Dep. Dist. Atty. Van Cott and defended by R. S. Hahn. In the first trial a Jury failed to agree.

The prosecution charges that Gianello drove the car for Taylor, who was convicted and sent to prison for robbling Mr. Clark of 177.10. A jury was selected yesterday and testimony begun.

DOCTORED SILK IS ALWAYS SICK

THERE is an unfortunate habit of putting metals into dyes of silk to make the silk seem heavier.

Weighted silk outweighs pure silk yard for yard, but pure silk outwears weighted silk day by day. And though metalized silk may resemble pure silk in the showing, in the wearing it's a different story.

Pure silk wears. Poor silk tears.

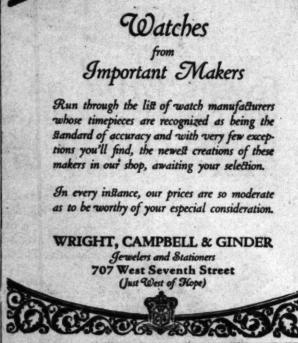

It is well to remember the name Kayser when you buy Underwear, Hosiery, Gloves. Because Kayser products do last. They do fit. They aren't skimped. They aren't weighted. Accurate fit, accurate size, long-time wear, permanent satisfaction—this is what Kayser means to millions of women who buy Kayser products in twenty-six countries throughout the world.

BY CORA YOUNG and Mrs. George W., Spohn of North Heliotrope Drive an-nounce the marriage of their nounce the marriage of their daughter, Miss Marjorie Spohn, to Mr. John Stanley Probst of Buffalo, N. Y. The wedding took place in the Fourth Presbyterian Church of Chicago on the 15th inst. The bride's only attendant was her sister, Mrs. Hubert Whitmer of Buffalo, and the guests were college friends of the bride and groom.

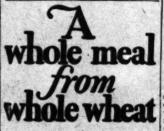

Following the service, Mrs. Whitmer entertained the wedding party at a handsomely appointed breakfast at the Drake Hotel, Mrs. Probst was graduated last June from the University of California, taking a special course in art for which she has marked talent.

Mr. Probst, who has been identified with the Whitmer-Jackson Manufacturing Company of Buffalo for two years, received his degree from the University of Illinois. Mr. Probst and his bride are now enjoying a honeymoon trip and after February 15, will be at home at 186 Woodbridge avenue, Buffalo.

Informal Tea

Mrs. F. V. Gordon and daughter, Mrs. Robert McLachlen, are entertaining today with a delightfully informal tea at Mrs. Gordon's home in Arlington Place. There are to be 100 guests who are asked in greeting to Mrs. Archibald McLachlen of Washington, D. C., who is here for the season, the house guest of Mrs. Robert McLachlen, 613 Millton avenue.

The advantage of a joint account to husband&wife

THE State Bank Act provides I that two persons may open a joint savings account, and payment may be made to either party during the lifetime of both, or to the survivor upon the death of one, without administration.

This account is of particular value to a husband and wife. The priv-ilege of withdrawing is accorded to both during their lifetime, and on the death of either one, the survivor is allowed to immediately withdraw the money if desired. This may be done without per-mission from the Probate Court.

This company through its Trust Department acts as Executor, Administrator, Guardian, Trustee, Agent, Escrow holder, and in all other trust or fiduciary capacities.

Mother and Daughter Hurt bankers to have been arrested here in two weeks were taken into custody yesterday at Compton, in the persons of Knute Husted, former president, and Logan Fowell, former cashier and Logan Fowell, former cashier meeting from 7 to 9 in the evening. Analytical geometry starts on that day, the intersection of Western aveand Logan Fowell, former cashier of the Stockmen's Bank at Harlowton, Mont. The arrests were made by Deputy Sheriffs Fox, Shults and Lukar and the pair were lodged in the County Jall.

Those arrested previously are formerly of Great Falls, and George W. Casteel, O. A. Tweed and Clyde C. Campbell, formerly of Helena. All of these, except Casteel, were able to give ball.

Both women were rushed to the Lomita Emergency Hospital, the mother dying on the operating table, her skull having been fractured in the accident. The daughter is in a serious condition at the home of an uncle, R. A. Osborne, 2742 Kerckhoff street, Los An.

Charges Filed Against Score in Concessions

Complaints yesterday were is sued by Dep. Dist.-Atty. McClelon Saturday when detectives from the District Attorney's office under the leadership of Richard Lucas

the leadership of Richard Lucas raided the concessions at Venice and Ocean Park.

The complaints charged the men with violations of the State gambling laws in the operation of various concessions involving dice, cards and other games of chance. The cases will be heard before Justice Garret of Santa Monica.

HEARING CONTINUED

Every Bite is Ho

THE HOLSUM loaf is whole-some food—goodness in every slice—nourishment and health in eating it daily.

HOLSUM gets its name from the quality of the product.

Wheat from the choicest acres of the finest varieties, milk from cleanly dairies, shortening that is richest and best — even the water that goes into HOLSUM is purified.

Give HOLSUM to the children—all they can eat, for "extra bites" in the morning and afternoon as well as at meal time. Serve HOLSUM three times every day to the family.

Talked Like a Dutch Uncle

"My father is a physician and, a saturally, I was opposed to all saturally, I was opposed to all satural medicine. So when a friend told me to try Mayr's Wonderful Remedy for my stomach trouble. I laughed at him. Some months later, after my father told me he had used all known remedies in my case. I met my friend again and he talked to me like a Duich made and finally induced me to try it. All my symptoms have now disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all atomach, liver and latestinal affiments, including appendicti's. Dr. Spencer Admits Beliefs Are Mysterious

ys Fundamentalists Are for Science Progress

Episcopalians Gather Here for Annual Meeting

while denying that the majority of members of the Catholic, or so-called "High Church" of the Episcopalian denomination, are Fundamentalists in the sense of being opposed to science and progress, Dr. Irving Spencer, rector of St. Matthias Church and a delegate to the twenty-ninth annual convention of the Episcopal diocese, being conducted at St. John's Church, restorday placed himself on record as opposed to any doctrine that contradicts the Virgin Birth and the physical resurrection of Jesus.

The statements made by Dr. Spencer followed a conference of the Board of Christian Education at which Prof. J. H. Montgomery of the University of Southern Caiffornia and Rev. G. H. Wreford of San Diego discussed methods combatting "religious illiterace,"

WOULD LABEL BOOKS
Discussing the books that are placed in the Laymen's League libraries, Dr. Spencer voiced the opinion that works on science, theology and other subjects should be labeled in order that the readers, before taking up the books for study, might know whether they were going to read arguments in favor of or opposed to modernism.

ism.

Dr. Spencer said that there are tew "extreme modernists" in the Episcopal Church and declared that the majority of Presbyterians, Methodists and members of other denominations are heartily in accord with the Episcopal Church in the effort to uphold the people's faith in the Divinity of Christ.

says Church Must Grow
"Our church today is in touch
and in sympathy with modern science, and we do not deny that
evolution may be a fact," said Dr.
Spencer. "We are not fundamentalists in the commonly accepted case of that word. We do
not emphasize the literalism of
the Bible and we are well aware
of the fact that the knowledge of
the church must advance with the
knowledge being gained by humanity at lare.".
"Nevertheless, we hold fast to
the fundamental doctrines of
Christ and logically believe that
such a life as that of Jesus can
be accounted for only on the basis
of His miraculous birth." continued the speaker. "We do not think
it necessary to base our campaign
for converts on the Virgin Birth
and the physical resurrection, but
we believe that Christ was, and is
what He is because He was the
Son of God, born of the Immaculate Virgin.

"The modernists believe in a
spiritual resurrection. The church
holds to faith in the resurrection
of the body, of the fesh. Here
are mysteries which the mind of
man is not yet able to comprehend. We know that all the atoms
of the body are constantly changing, even while we live, and how
the miracle of resurrection of the
body shall be accomplished only
the great God knows.

BARN CONTENTS BURN
POPLAR, Jan. 28.—Thirty tons
of hay, a truck, two touring cars
and a valuable Jersey cow were
lost in a fire which destroyed the
barn of Everett Cloer last night.
The blaze is believed to have
started from an auto stored in the
barn. The loss is about \$3000,
partly covered by insurance. A
9-month-old calf in the barn escaped by butting a board off the
side of the building. BARN CONTENTS BURN

Sun-Maid Sales **During January** Set New Record

FRESNO, Jan. 28 .- With orders a total of 4463 tons of the fruit received up to the 19th inst., all January records for sales of raisins have been broken during the present month, according to officials of the Sun-Maid Raisin Growers.

Have Banquet

The figures given in the statement did not include the last two weeks of the month. According to Gerald Thomas, public relations manager of the co-operative association of Beta Theta PI will meet for the annual banquet and business meeting Thursday night at the University Club. Speakers for the evening will be Dr. George Davidson, rector of St. John's Episms." Said Thomas.

Justice Baird when it became known that Mrs. Isabelle Williams, the present wife, did not care to press the charges.

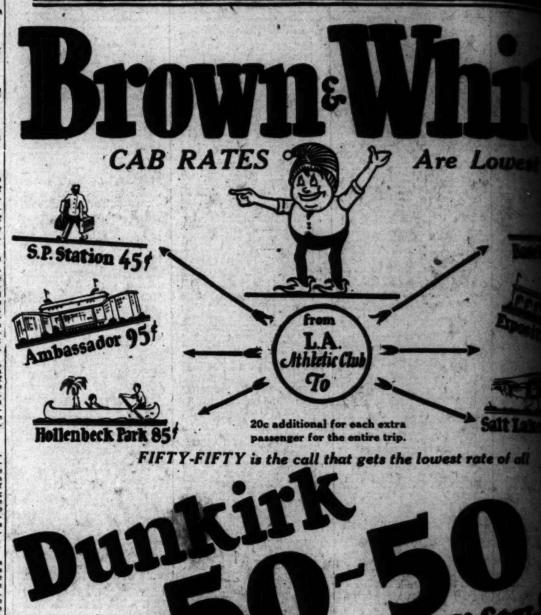

A recommendation from Dep. Dist.-Atty. Buron Fitts for the dismissal was accompanied by a letter from the present Mrs. Williams in which she stated her only desire was to force Williams to pay her a sum of money due her as an allowance. If that were paid, she said, she did not care to go to trial.

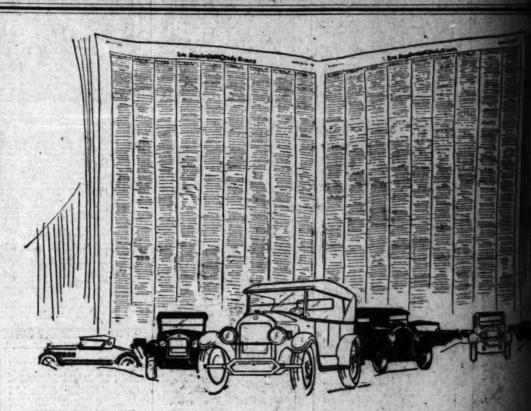

Mrs. Williams was notified the District Attorney's office was not a collection agency and would not handle her case. An investigation revealed reasons for dismissing the complaint, which included Mrs. Amanda Lester, the former wife. The arrest of Williams and Mrs. Lester took place when Mrs. Isabelle Williams appeared before Dep. Dist.-Atty. Orme and stated the two were living together in a fashionable Wilshire apartment-house.
